during the year. Including the open-
-ing balance of Rs.1,97,784 the sum
available for expenditure was Rs
4,22,206. Out of this amount an
expenditure of Rs.2,66,281 was
incurred ~~during the year~~ leaving a
balance of Rs.1,55,925 at the credit
of the fund at the end of the year.
The expenditure under this head has
for some years past been in excess
of the receipts, and in consequence
the whole of the cash balance of
over a lakh that was at the credit
of the Fund had been exhausted and
in addition the invested surplus of
2 lakhs has been reduced to Rs.
1,55,925. With the view of afford-
-ing relief and lightening the
burden on this fund, it has since
been ordered that the percentage of
contribution from what is known as
the Local Funds General should here-
-after be raised from 24 to 33 per
cent, so as to bring in an additional
